

Table 2 - Your Personal Traits

Trait	Genotype*	
	Allele 1	Allele 2
X. Sex		
B. Hair color		
C. Hair curl		
D. Dimples		
E. Eye color		
F. Earlobe		
H. Hair on mid-finger		
L. Longer 2 nd toe than big toe		
N. Nose		
P. Hair line		
R. Tongue roll		
T. Thumb		

*After you have completed the Genotype columns, cut along the dashed lines

Birth Certificate

This Certifies That

(Name)
was born to

(Mother)

and

(Father)

on _____
(Date)

at _____

(Time)

weight _____

(Weight)

length _____

(Length)

at _____

(Township)

in _____

(City)

(State)

(Signed)

[Signature]

(Signed)

Egg Baby

- Alleles and making a Beaker Baby
- Birth Certificate and Baby Carrier
- Completing Handout
- Additional Participation

Looking after the Egg you have been given is meant to focus your attention on the commitment of having a child. For the 9 days that you are looking after the egg each day represents a month of gestation. Your baby will grow from a zygote all the way through being an embryo to eventually being a fetus and an infant.

Month	Description of Development Stage	Weight and Length
1		
2		
3

Table 1 - Your Personal Traits and Your Gamete

Circle your own personal genotype and phenotype on the chart below. Then transfer the alleles to Table 2 for cutting.

Trait	Dominant		Recessive	Your Gamete (case sensitive)
X. Sex	XX = female	XY=male		
B. Hair color	BB = black	Bb = brown/red	bb = blond	
C. Hair curl	CC = curly	Cc = wavy	cc = straight	
D. Dimples	DD = present		dd = absent	
E. Eye color	EE = brownish	Ee = greenish	ee = blue	
F. Earlobes	FF = free		ff = attached	
H. Hair on mid-finger	HH = with hair		hh = no hair	
L. Longer 2 nd toe than big toe	LL = long		ll = short	
N. Nose	NN = convex		nn = straight or concave	
P. Hair line	PP = widow's peak		pp = straight	
R. Tongue roll	RR = roller		rr = non-roller	
T. Thumb	TT = bent back		tt = straight
